EVENTS IN THE WAR
ONE YEAR AGO TODAY

A German submarine sank the British cruiser Hermes in the Dover straits, Germans gained ground at Ypres, repulsed French counter attacks, claimed a "regrouping" of forces in the eastern theater, which Russia described as a "rout," and said the fighting there was not yet decisive.
A repulse with severe losses to the Russians on the San and Styri rivers and the internment of 649 Russian officers and 73,179 Russian soldiers up to Oct. 28, was claimed by Austria.
Russia claimed the Austro-German plan to break the Russian center failed, and that the Russians were advancing on the East Prussian front. The allies asked Turkey to explain her bombardment of Russian ports. The Russian fleet attacked Turkish warships in the Black Sea. England prepared to protect Egyptian possessions.

complimenting the teachers present upon the manner in which they had turned out in such force; he said this showed conclusively the interest they were taking in matters educational was not assumed, but real. In addition to this the speaker paid a glowing and a merited compliment to the manner in which Superintendent Shepard was handling the county's educational affairs, and referred to the success of this association being largely due to the unselfish and tireless exertions of Mr. Shepard and to the hearty manner in which the teachers of the county had joined hands with him in those efforts.
Resolution adopted were as follows:

Resolutions Adopted.
1. Whereas, the people of the Methodist church of this city have kindly permitted the use of their edifice as a place for the proceedings of this association, and
Whereas, the people of Chickasha have seen fit to extend to us a cordial welcome through their spokesman, Mr. George H. Evans, and by their actions since our advent into their midst, and
Whereas, President Austin, the teachers, and the student body of the Oklahoma College for Women have exerted themselves to their utmost to provide for us instruction and entertainment during our stay, therefore,
Be It Resolved, That we, the members of the Grady County Teachers' association in convention assembled, hereby extend to all these agencies to our comfort and convenience our sincerest and most hearty thanks.
2. Whereas, Pres. A. E. Wickizer has, in his official capacity, exerted untiring efforts in the discharge of his duties, in the upholding of the highest ideals toward professional efficiency, therefore
Be It Resolved, That we hereby extend to him our appreciation of his

service and our endorsement of his policies.
3. Whereas, Our county superintendent, M. H. Shepard, has rapidly proved himself the friend of true educational progress and in hearty accord with all earnest pedagogical effort, therefore,
Be It Resolved, That we, as teachers, pledge to him our loyal support in the carrying out of all plans and policies which tend to the upbuilding of our school system.

4. Whereas, The central figure in the highest and best pedagogical ideal is the child, and
Whereas, the prime function of teaching consists chiefly in the wise and tender leadership of the child, and
Whereas, The teacher, who is without professional training working uninspired by the splendid examples of the world's master teachers, is largely unfitted for the discharge of this function, therefore,
Be It Resolved, That we, the teachers of Grady county in annual convention assembled, hereby go emphatically upon record as endorsing and being in full accord, with the movement which points to the material raising of the standards of teaching by thorough professional preparation.

DEMAND FOR STUDEBAKER CONTINUES TO INCREASE.

Paul Spiling has returned from Kansas City, where the Oklahoma Distributors of Studebaker cars were called to meet the officers of the Studebaker corporation. According to Mr. Spiling's advice, the demand for the 1916 cars is in excess of the schedule of manufacture, already raised from 50,000 to 100,000 cars per annum. To such an extent that the schedule has been raised to 100,000 cars for the 1916 season. The Studebaker company is now shipping 250 cars daily and by January 1 this will be raised to over 300. Mr. Oliver, vice-president of the Studebaker corporation, stated that a large order for cars for the war nations had to be declined last week, to permit the filling of schedules already made to American trade.

\$25 BECAUSE HE KNEW BETTER

Mayor Coffman of Chickasha, does not profess to be learned in the intricacies of legal verbiage, but he does profess to understand the statutes of the city of Chickasha and he sees to it with daily regularity that all who offend against provisions of those statutes. And Mayor Coffman has ideas of his own as to the sum total of the amount he fines a delinquent.
A few days since a negro was

brought before the mayor's court charged with soliciting and frequenting immoral houses. He pleaded guilty and was promptly assessed a fine of \$10. Remonstrating with the mayor he was informed that he had been fined only \$10 because he was "a nigger and didn't know any better." Had you have been a white man," said the mayor, "and in full knowledge of the despicable nature of your ghoul-like calling I would have fined you the limit—\$25."

Yesterday a white man was arrested and haled into the city court charged with the same nature of offense—and true to his word, the mayor ladled out a neat little package marked \$25.
